

DR. JERRY KING

GRADUATED FROM EDGAR HIGH SCHOOL IN 1967

B.S. DEGREE - UW-LACROSSE
MASTERS DEGREE - UNIVERSITY OF NORTHERN COLORADO
DOCTORATE - UNIVERSITY OF NORTHERN COLORADO

After graduation from UW-LaCrosse, Dr. King taught biology and chemistry at Port Edwards High School. In 1979 he enrolled at Northern Colorado and graduated in 1982. He taught medical sciences (anatomy, physiology, pharmacology, microbiology, immunology, embryology, and pathophysiology) at College of St. Mary in Omaha, NE. After seven years of teaching he began at Midwest Laboratories where he currently manages several areas-QA/QC Director, Contracts Officer, Safety Director. As part of his activities, Jerry provides statistical and graphical interpretation of landfills, water quality, and pollution monitoring. He is an invited speaker for a variety of professional organizations and is a member of the American Association of Microbiologists, American Industrial Hygiene Association, Solid Waste Association of North America, Water Environment Federation, American Chemical Society, American Society of Quality Control and the American Oil Chemist Association.

Locally, Jerry is an active member of St. Leo's Parish, where he served as a lector and Eucharistic Minister. He has served as the Grand Knight for the local Knights of Columbus Council, and a variety of additional roles.

For several years he has served as a local representative on the Emergency Planning Commission of Omaha.

Dr. King and his wife, Jane, have three children, Jodi, Jeri, and Jonathan. He is one of ten children of Al and Marie King, Edgar.
